

# 숙제

Student 클래스에 속성(이름, 학과, 학번, 학점평균)정보를 가진 필드가 있다. 3명의 학생 객체를 ArrayList<Student> 컬렉션에 저장한 후 출력하는 프로그램을 작성하라. 단, 학생 객체의 모든 속성은 private로 하고 컬렉션을 검색할 때 Iterator클래스의 hasNext(), nextLine(), next() 메소드, Student클래스 toString()을 사용하여 출력하라.

실행결과는 다음과 같다.

Enter student information

student name : Kim  
department : History  
student # : 207772  
aveage score : 3.9

Are you finished entering the data? (Yes (Y), No (N)) : n

student name : Hong  
department : Law  
student # : 204573  
aveage score : 4.5

Are you finished entering the data? (Yes (Y), No (N)) : n

student name : Lee  
department : Computer Eng  
student # : 202056  
aveage score : 4.3

Are you finished entering the data? (Yes (Y), No (N)) : y
